Gooding Man Fatally Injured When Struck by Passing Auto

SHOSHONE, March 31.—Harold Bennett, 29, was fatally injured about 2:15 a. m. Sunday when struck by a car driven by Lester Shattuck, North Shoshone, who died Sunday evening in the Gooding hospital.

Bennett was standing on the side of the road inspecting damage from a previous accident in which he had been involved when he was struck.

Bennett was headed south when cars driven by himself and Don Condon (described about 5 p. m. Sunday one and one-half miles north of Shoshone. The two men were examining the damage in the crash when the Barkdull car, headed

ed north, appeared on a slight rise in the road. In attempting to get out of the road, Bennett jumped in front of the Barkdull car, Sheriff Shattuck, North Shoshone, explained.

Bennett, a resident of North Shoshone until just recently when he moved to Gooding, received a concussion of the brain, punctured lungs and a badly mangled leg when he was struck.

Sherriff Clayton, Coroner Mary Burdett and state patrolmen were to meet late this afternoon with drivers of all cars involved in an effort to clarify details of both accidents.

Mrs. Burdett and the sheriff have

opined that the fatal accident was "unavoidable."

Bennett had been employed by a Gooding trucking concern for the past two months. He had lived in Idaho for the past 12 years, most of that time in Lincoln county.

He is survived by a daughter, Betty, Wendell, and his father, M. B. Bennett, Scottshuff, near. The body will be shipped to Scottshuff for burial.

The accident was the seventh traffic fatality in Magic Valley in 1947 and the first in Lincoln county. The last fatality occurred March 23 when John Earl Mull was struck by his father's car near Gooding.

Jones said that if the union's demands were not met, a walkout of the highway men in the state districts would be called for April 7.

The members of the board of examination are Gov. C. A. Robins, Atty. Gen. Robert Altshuler and Secretary of State J. D. Price.

The labor representative charged that "our men are being fired because they didn't take any political action in the 1946 election campaign."

He added that "Governor Robins and his committee are not doing any work (E. W. Sinclair) said they would go along with us in the union question, but now they are refusing to do so."

"We want to take the pressure off the politicians," Jones said. "Our men are not being penalized because they did take political action, but because they did not. All we ask is that our people be treated as human beings, not like

Midnight Will See Death for Law on Draft

WASHINGTON, March 31 (AP)—The draft is breathing its last, and by midnight tonight it'll be as dead as the dead.

Tear up your draft cards, fellows. You won't be given 'em to the baby to chew or save them if you want some handy proof of identification. Tear up your draft cards, fellows. The selective service system, which sent 10,000,000 men to battle in World War II, will be no more.

After midnight tonight there will be no more presidential "greetings" that sent young men to induction centers during the six and a half years while selective service was in force.

Conscientious objectors—those who refused military service on religious or moral grounds—will be freed from the draft agency desks.

For seven years, there is still a possibility that the draft might be revived if the army and navy cannot meet their requirements. Universal military training also hangs over their heads.

But those 44,000,000 Americans of all ages who registered for the draft are probably safe.
